Bio

He became interested in computer graphics with the software Dr.Halo when it was the era of XT computers. He was into computer hardware and software, which encouraged him study electrical engineering at Korea University. He started his experience in the web design and web solution development around 1999, when the venture companies and internet came up. After the military service and graduation from the university, He worked at Samsung Electronics as a software research engineer, in the Telecommunication R&D Center, focusing on the user interface for the next generation and GSM/WCDMA mobile phones ...

Courses Taken

- [Major Studio Interactivity \(2010 Spring\)](#)
- [Collab : Polshek Design \(2010 Spring\)](#)
- [Independent Study : Android \(2010 Spring\)](#)
- [Collab : Data Visualization \(2009 Fall\)](#)
- [Locative Game Workshop \(2009 Fall\)](#)

Groups

- [dataMyne](#)
- [Parsons Android](#)
- [Critteur](#)

Skills

[3D graphics](#), [android](#), [Computer Graphics](#), [data visualization](#), [drawing](#), [information design](#), [interface](#), [interiors](#), [ipad](#), [iphone](#), [landscapes](#), [mobile](#), [opengl](#), [platform](#)

Projects

-  [Twit Knoll \(2010\)](#)
Twitter client for iPad
-  [NS Mobile \(2010\)](#)
The New School map for iPhone
-  [economy +- \(2009\)](#)
Data visualization
